

FAASTeam & ROC FSDO presents:

FAASTeam Fight Instructor Open Forum

It's hard to imagine losing control of an airplane in flight, but it happens far too often and almost always with serious or fatal results. At this FAASTeam Flight Instructor Open Forum we will explore some of the factors that can lead to a Loss-Of-Control (LOC) event, and provide some practical steps to help pilots avoid LOC. Also, are you aware of the new WINGS activity on FAASafety.gov? Also, learn about the common pitfalls with the IACRA system! Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Arrive early for FREE Pizza and refreshments compliments of the Rochester Air Center! Click on the link below and register today!

Directions: Take I-390 to Brooks Ave (Rochester Airport) Exit Westbound. Exit right to Main Terminal off ramp, and turn right into the US Airports Building parking lot. FSDO conference room is through the FAA office door.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
